TikTok LIVE PROJECT

One-on-One Guest Conversation

Talk With Me LIVE?

This project is for improving my English and creating opportunities to connect with people from around the world.

It's not just meaningless chatting — I hope — every conversation will be valuable for both of us.

Core Concepts

• Learning

Improve my English conversation skills through real conversations.

• Connection

Build meaningful relationships with people around the world.

• Opportunity

Create my opportunities to speak English.

This is the only place where I can practice speaking English.

Purpose

• I want to **solve**

Every time I can't express what I want to say in English, I get frustrated with myself.

• I want to **achieve**

A level of English where I can confidently handle business situations abroad whenever the opportunity arises. (I don't think it'll happen).

• I want to **create**

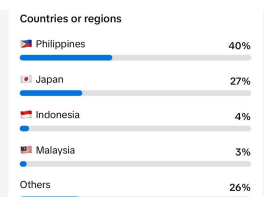

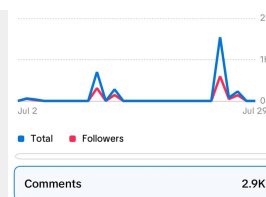

A global network. By the way, I barely have any Japanese friends lol.

As you can see, this project is just for me, so please don't judge me.

Strength

- You can watch one person's English improve from the very beginning like a drama.
- I'm growing with this account, not just another temporary TikTok account.

Demand

How to join

All you can do is pray that I go live when you are watching TikTok, that I'm in a good mood, and that I'm willing to accept your offer.
I'm basically a cat.

Thanks you!

About me

I'm a complete English beginner. I actually hate studying English, but it's become a habit. I've been learning English every day for almost two years.

Now I feel guilty if I skip studying English for a day. That's the reason why I learn English.

I like trains. I'm stingy. That's all.
